

# 2nd IEEE International Workshop on Wireless and Sensor Network Security (WSNS 2006)

Conclusion and Outlook

# Concluding remarks

---

- Held in conjunction with IEEE MASS 2006
  - Vancouver, BC, Canada

- Program

- 26 papers from 9 countries
  - 11 selected paper
  - invited keynote speech

- Sessions on

- Key management
- Policy and access
- Secure localization
- Performance and scalability

# Outlook

---

- 3rd IEEE International Workshop on Wireless and Sensor Network Security (WSNS 2007)
- To be held in conjunction with IEEE MASS 2007  
→ Pisa, Italy

# An Important Note

Hopefully, you had a lot of good discussions and meeting, found new friends, initiated new collaborations... and will have some fun ;-)

# Acknowledgements

---

Many thanks to all the authors, attendees, TPC members, reviewers, the MASS organization committee, and all the other people who made WSNS'06 a great success.

Falko, Yong, and Zhen

**See you at IEEE WSNS 2007**
